## **Cameo Theater**

Restored to 1920's splendor, this intimate downtown theater shows classic, independent and foreign films. Open for just two and one half years, the CAMEO Art House Theatre was recognized nationally in the official program book of the Sundance Film Festival. In an article titled "Beyond the Maddening Multiplex", Fayetteville's CAMEO was pictured along with just four other theatres from around the country. The CAMEO was selected for its commitment and quality.
